Dear Phil —

You should have these cultures by now.

Don't you have an Emory working address — or is that Atlanta, 22.

No trouble at all, hope the cultures work out. (Take care we don't have the kind of shipping room set up you must have in your palatial new quarters

Have you been in touch with the Lanni's at all at Emory? Apart from their being nice & interesting people, I bet they would also have stocks of LT2 and P22.

Best regards,

Joshua
