Dear Professor Joshua Lederberg:

It is very kind of you to have sent me a letter in answer of my asking UA sintered glass filter disk.

I am sorry not to have answered you sooner because I have been to Kyushu district for our major congress.

The other day, I demanded to send the Corning Company a pamphlet explaining about the filter, and I shall get it.

Next year, I shall go to Cornell University and discuss about my data with Dr. M. Alexander.

Finally, hoping that you will excuse my troubling you to whom I am so much indebted.

Sincerely Yours,

Michiharu Kobayashi
