Kunicki

Dear Professor Lederberg;

I owe you an apology for my long silence. Unfortunately I fell ill after returning home and untill now I am under treatment for some heart trouble. I hope to be back in my laboratory in May. Then I shall send you reprints and wanted strains.

I will write to you then more.

We are happy in Poland that it was you who was honoured in Stockholm with the Nobel prize.

Best greetings for Mrs Lederberg

Sincerely yours

Kunicki
