Copenhagen June 6th 1958

Dear Esther & Josh

Thanks for your letter.

We are really looking forward to seeing you again. We should of course only be happy if you could arrive in Copenhagen Saturday evening August the 2, 7.50 PM (SAS flight 566), which would give us some few more hours together, than if you took the train.

Our apartment in Copenhagen is at your disposal and should be located rather conveniently for you as it is practically in the centre of the town.

Unfortunately Ida is not able to go to Stockholm as we now realize that it will be too difficult to get anyone who can take care of our son, who will be about 3 months old at that time.

This means that I shall go by myself and I intend to go by car. If you have the slightest interest in going together with me you will of course be most heartily welcome to join me in the car. The distance from Copenhagen to Stockholm is about 450 miles. We can either start on Sunday noon, go slowly and sleep somewhere along the road and arrive in Stockholm at noon Monday or we could start early Monday morning and arrive in Stockholm during the evening. (The tour through Sweden should give you a good impression of the typical Swedish landscape.)

as to the days which you have available after the congress we can only say that you are welcome to use our house, and that we shall try to make days as pleasant as possible for you, even if it will be difficult to find any other equivalent for the Norwegian mountains than the Danish smörgåsbord.

The only people we know who have been on a Norwegian fjord trip are the Jungeblutts who enjoyed their trip 2 years ago very, very much, even if the boat was not too comfortable.

Looking forward to hearing more about your definite plans

Yours

Ida & Pets
