Dear Josh,

Thanks for your letter of July 18th about Jennifer Dee. I am sorry that you do not want to take on this other line, but I sympathize.

I know nothing about Raquel (♂ or ♀?) Sussman's work. But if you think that would be a good place for Miss Dee to go, I shall be very much obliged if you could send on to him (or her?) the research report with whatever comments you may like to make, and asking Sussman to get in touch with Miss Dee direct.

I hope Luca did not forget

his passport when he came to America: an interesting possibility!

All the best to you + Esther

Yours
Ponte

P.S.- I shall be doing one of the N.S.F. Science Teachers Tours next March + April. I do not know whether Stanford will be included in the tour, but I have asked that it should be.
