

June 26, 1958 - Called Art K. this PM per his letter last week and to indicate I had heard nothing from PB. previously. I mentioned that "Howard was renewing its bid" (viz. Dennis Davis' phonecall yesterday) and while I thought Stamford would be much more firm, I couldn't altogether ignore this attractive proposal if there was any doubt about it. Howard did have the advantage of some financial certainty in engineering such an appointment. He will call again today or tomorrow.
