Memo/Reply From
JOSHUA LEDERBERG

TO: Dr NW Pirie

APR 14 1981

1946 Cold Spring Harbor Symp.

Have you by chance saved any single scrap of memorabilia (correspondence, announcements, program, diary ....)?
Demerec' files for 1946-7 are lost. I even trouble recapturing even the actual dates!

Anything you can offer may be useful and would be appreciated.

Thank you for your recent comments. I fully agree about the importance of exposure to practical problems + to natural history.

Sincerely,

Joshua Lederberg
