Memo from
JOSHUA LEDERBERG

To: Dr Ken Sanderson
Calgary

JUL 13 1978

SW - x Salmonella culture collection.

Would you like to inherit the "classical" strains I have kept here, mostly of Wisconsin (pre 1959) vintage, reasonably well documented. It is not practical for me to manage them in N.Y.C. where I more fairly soon.

I tried phoning you; if you are interested, please call me back

Yours
Joshua Lederberg
