Dear Josh:

I enjoyed our discussion last Friday. Edna and I appreciate your cordial suggestion that we participate in the festivities attendant to your inauguration at Rockefeller U. in October. We are looking forward with pleasure to being with Marieanne and you on that occassion.

I shall be sending you soon a somewhat expanded version of Sydney's interests in meeting with some of the Rockefeller faculty in October. It will provide me with the opportunity to see many of my friends there. I am not yet certain whether Howard — or some other individual from Sydney — will be with me for these discussions —

All the best —

Yours,

Abe
