YALE UNIVERSITY
OSBORN BOTANICAL LABORATORY
NEW HAVEN, CONNECTICUT

Dec 10

Dear Beets:

I just heard that you'll be in the East for the Boston meetings — and in New Haven for New Year's Eve.

This is to tell you that we're looking forward to seeing you, and hearing about developments at Cal. Tech. also to invite you to stay with us if you haven't made other plans.

In any case, we'll be seeing you.

Yours

Roy Sutton
