

THE UNIVERSITY OF WISCONSIN  
MADISON 6

THE MEDICAL SCHOOL  
OFFICE OF THE DEAN  
418 NORTH RANDALL

April 19, 1957

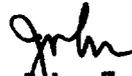

Professor Joshua Lederberg  
Department of Medical Genetics  
200 Genetics

Dear Josh:

In regard to your relationships with my administrative offices I am anxious to be kept informed regarding your travel plans, any other significant developments that might affect our relationships, and research grant applications. Naturally, I'll always welcome comments regarding our educational, service, or research programs and I hope that the Faculty will be constantly interested in the total development of our School and the Medical Centre.

I am very pleased that you are not interested in the job at U.C.L.A. Since our program in Medical Genetics has now been formally established, I am keen to see things move ahead. I pledge you my full support in all undertakings.

Yours sincerely,

  
John Z. Bowers, M.D.  
Dean
