Professor E. L. Tatum
Osborne Botanical Laboratory
Yale University
New Haven, Connecticut

Dear Ed:

Galley proof on the linkage paper has come in and with it the order blank for reprints. I have sent in the following order: 175 without covers, 275 with covers, total 450, with instructions to ship to you 125 with covers, 75 without and to bill you for the total. I hope this arrangement is satisfactory. If possible I will send you copy of the galley proof.

Yours sincerely,

Joshua Lederberg
Asst. Prof. of Genetics
