Dear Josh,

I am sorry that you ripped a muscle and needed a surgical repair. Your office told us that your convalescence was going well and I hope that the tear continues to heal rapidly.

We appreciated your kind notes. I received a number of favorable reports on your excellent talks at the luncheon -- for me it was a pleasure to entertain for an old friend - and a valued one.

I spent a pleasant evening with

Nestor Mata in Hawaii – no complaints by heart about anything – believe it or not!

I'll keep in touch with your office and be up to see you.

Please give my regards to Marguerite.

As ever,

John
