Memo/Reply From
JOSHUA LEDERBERG

TO: Tom Dobson

7/24/78.

Thank you and Sabra for one of the most pleasant evenings in recent memory. I cannot tell you how important your particular style of drive and "let's do it" insight is to the University, and how deeply I appreciate it.

Enclosed:

1) hot off the press, the current annual scientific report. (I am getting started on a retrospect for the whole decade, intended for a lay audience, as a centerpiece of our 'case' for the campaign. But this will take about 6 months.)

2) a report on the hospice movement, in case you've not already seen it. (I have another copy).

Yours,

Joshua

Looking forward to seeing you in N.Y.
