OFFICE OF THE PRESIDENT

Dear Dr. Lederberg,

I am an MD-PhD student here, having finished the PhD last June (with Dr. H. Kunkel). I am also a cellist and a member of a Trio called the Lang Trio (I believe Mrs. Terry Lang may be loosely connected with the Board of Trustees, here). I wanted to invite you to this concert we will be playing at Carnegie Recital Hall in May. It has constituted a rather serious extracurricular activity of mine. I will be leaving New York in May, to take a medical internship at Mass. General Hosp. in Boston. The Rockefeller experience has been unparalleled for me.

I'd be delighted if you and your wife can make the recital.

Best wishes,

David Fisher
