Alex Forger, Esq.

FEB 5 1985

Dear Alex –

In the event I don't catch you sooner in telephone tag: I just want you to know how pleased I am at your accepting the responsibilities of the Development Committee.

Our staff and I are eager to give you every support. I do not want to aggravate your burden, but I also look forward to the opportunity of working still more closely with you.

Yours sincerely,

I hope you are in some cervical mitigation.

For the record

Paul Brown has repurchased our investment in Sci-Med*. This leaves us whole, financially, and severs my last relationship with his firm.
