Thank you.

Before I attempt my own final peeks, I wonder if you have any way of recalling items of the vintage ≤ 1950 that Dave mainly interested in? (Besides the invaluable notebooks)

Phil Levine is one of our old friends. (Sonya can fill you in.) He is eager to reminisce about Karl Landsteiner and I do think a few hours of oral history would be eminently worth-while. I realize it would be rushing you to make the indispensable preliminaries of background; but I wonder if you could arrange to do this within the next few weeks?

P.S. I was particularly interested in the anecdote about Roy Avery showing Max his brother's letters.

Has this been mentioned in any of the other DNA histories?
