Dear Sophie

You were so thoughtful to ask about Annie. She is a joyful 16 year old, a junior at Hunter High School, doing very well on all fronts -- just starting to think about college, and how best to improve herself to ameliorate the suffering she sees on NYC streets.

David is 26, finished Harvard in '88; worked for David Hamburg at the Carnegie; he's now in graduate work in Holland, then either to MIT or Stanford (Technology Policy).

We still own our cabin in Pescadero - leased/owned cared for by Jack Robertson who's been there for 15 years. He's putting on a 2 room addition as soon as we can get zoning approval.

Marguerite sends her love, too,

Yours,

Joshua.
