Williams on conquest of infectious disease

Dear Prof. Black

Could you help me track down a ?Yale Prof. Williams who wrote a book on Inf. Disease in the 1940's claiming the war was over? Is there a Williams listed in I.D. faculty at that time?

Enclosed, a memento I found in my files, ...

Yours,
John

It came to me that this is C-E.A. Winslow

The conquest of epidemic disease. 1943.
