Memo/Reply From

JOSHUA LEDERBERG

PERSONAL

TO:

N.Y.T.S.

JUL -3 1980

Prof Gauss

I know of no reason why he should not be personally acceptable for membership although I have some reservations about the reproducibility of his more striking exptl. reports! He has, I believe, been an important figure in the development (?) of the Soviet antibiotic industry; and as far as I know adhere as closely to fundamental principles of scientific universalism as anyone in that establishment.

Sincerely,

Jim Lederberg
