Bill Golden

is someone I cherish, I am sure, as much as you do. (He has offten spoken of you.) Unfortunately he is not so well known to a wide circle of our colleagues: I am working in ways to ameliorate that. He and I enjoyed showing honorary degrees at Penna. in 1979, among many other convergences.

If it were up to me ....

But let's see, over the next (very) few years

Yours,
