THE ROCKEFELLER UNIVERSITY
OFFICE OF THE PRESIDENT

Feb. 29, 1980

Dear Dr. Lederberg —

It is some time now since I last wrote to you. However I just received my copy of NABT News and Notes. And there is an item to the effect that you were recently elevated to the post of President of the Rockefeller University.

So, first let me congratulate you on your new post.

And second may I request that you send me a copy of your address on the occasion of the last meeting of the NYBTA (if a copy exists)

I was formerly a very active member of NYBTA, but I have now been retired for 12 years, and I am a little out of touch.

Perhaps you will remember me as the author of a book called GENETICS IS EASY, which is still in print, but which sorely needs revision.

At any rate, best of luck in your new job.

Cordially,
Philip Goldstein
