Memo/Reply From
JOSHUA LEDERBERG

TO: Mr. Dolmatch

MAR 24 1980

Your queries of 78-79.

It was shabby of me not to respond to a neighbor, even though some of your correspondence was misdirected to Stanford + greatly delayed.

But if 1981 is still open please let me try to renew the option. If you send the piece before September 1980, perhaps the year after that.

In any case let's make a closer acquaintance. Almanacs + encyclopedias fascinate me. Will you be going "on line" soon?

Sincerely,

Joshua Lederberg
