Memo from

JOSHUA LEDERBERG

To: Ed Feigenbaum

FEB - 1 1982

In the beginning ... Dendral what happened?

Dear Ed:

If it is not already too late, can you still find any of the earliest pieces of paper, correspondence, proposal drafts etc., that might date + document the beginning of the Dendral project?

I will dig out what I can too.

When were you at the Center? What were you doing there?

Jh
