The Fabricante

JUL - 2 1982

I am ~~very proud of~~ most grateful for my experience at Stuyvesant H.S., which provided the encouragement, instruction, discipline and peer competition that were instrumental in sustaining my youthful ambition to become a scientist.

The people of N.Y.C. can take deserved pride in this school, which has been so important in giving new opportunity to bright but often financially pressed youngsters an opportunity commensurate

with their individual talent. Certainly I would wish to do all I can to sustain that tradition and to urge fellow Nobel Laureates to do the same!

Sincerely,

Joshua Lederberg
