It is good of you to write.

No brief gazette is possible. We had a (40) reunion of the American Inst. Sci. Lab a few months ago. Yes I remember Jacquez.

I do try to sustain civic support for Stuyvesant H.S. It needs constant bolstering.

My work life is very busy and multifarious -- a lot of time in Washington as well as here. My son's a junior at Harvard; daughter is starting 6th grade at Ethical Culture School.

All the best to you + Mrs Schur,

John.
