Dear Dale.

Herewith copy of what I have put together (500 words about) in support of Avery's candidature for the Copley medal. I have sent the original to Griffith Davies. If you wish to make any alteration there is another time for this. I am sending it in early as Griffith Davies wants it and I want to get it off my mind

Harington has seen a
copy and agreed to it
and I have sent a
copy to Filds. — i.e. F. G. Fildes (?)

Yours sincerely
Percival Hartley
