July 25, 1923,
Siasconset, Mass.

Dear D. Heidelberger:

I thank you for your kind letter and the managing of our paper. I am glad to hear you have had a nice time. The same holds for me and my family. Only our arrangements for traffic are less powerful than yours consisting of a single small velocipede for all of us in place of a car and a canoe.

With kind regards
Sincerely yours
K. Lanstrom
