Maurice L. Silver, M. D.
102 Waterman Street
Providence, Rhode Island

Dear Doctor Silver:

Your letter of May 16th has been received and I am pleased to have your comments regarding the cerebral palsy program in Rhode Island.

As you know, this project has been in operation just a little over a year and it may be that some difficulty has been experienced in getting it started. I think it would be well if you could arrange to talk with Doctor Glidden Brooks who heads up the program. After you have discussed the matter with him should you still be dissatisfied with the progress to date, I wish that you would let me know.

With kindest regards, I am,

Sincerely yours,

John E. Fogarty, M. C.
