NEW YORK 21, N. Y.

Dear Mary:

Won't you join me for lunch on
January 18th ^a ~~and~~ 19th? I want you to hear
about the National Issues Committee of
which I am national chairman and which is
now well launched on what I believe is a
very exciting and promising program. I
want to tell you what the NIC is doing and
what it plans to do to combat the ugly tide
of know-nothingism in America and stimulate
a rebirth of free discussion and fearless
thinking.

Please come. We need your understand-
ing and support.

Affectionately,
