Professor Joshua Lederberg  
c/o Professor Sidney D. Rubbo  
Department of Bacteriology  
University of Melbourne  
Carlton N.3, Victoria  
Australia

Dear Joshua:

I have just received word from Cavalli-Sforza that he is willing to give a paper at the Symposium. Thus all four main speakers have accepted. I hope that my previous letter did not cause you unnecessary trouble.

We shall now get busy in trying to collect a good panel for discussion according to your suggestions. I shall let you know about the details as soon as they have crystallized.

Looking forward to see you soon and with kindest personal regards, *also to Esther,*

yours as ever,

*Benzer*
