Dr. Joshua Lederberg
Department of Genetics
University of Wisconsin
Madison 6, Wisconsin

Dear Dr. Lederberg:

During the summer you left a note on my desk in the Library at the Marine Biological Laboratory calling my attention to Ruhrenstroth-Bauer's paper which I had missed in my Physiological Review article. When this was published I hoped that we had collected the pertinent literature. I am especially sorry that we missed this and I wish to thank you for calling it to my attention.

Sincerely yours,

Walter S. Root
