Dear Jack,

Caten + perchlorate 65 mg.
↓

If you need more, let me know.

Sincerely,

Jack

Thanks.

John.

P.S. - where do you get this?
How }

It was made in our
Chemistry Dept by one of
Dove's post-grad students.
I think there's a lot more.
I have about 200 mg.
No commercial
source
I think the synthesis is
simple if you need
a tremendous
amount.
