Dear Doctor Lederberg:

The reports received last year from former Fellows of the Fund were of great interest to the Board of Scientific Advisers. The Board would appreciate keeping in touch with your activities through an annual report which should include any new lines of research, change of position, publications, and any other information which you think might be of interest.

Would you kindly submit such information before September 1st, so that a report on fellowships could be prepared for the October meeting of the Board.

Thanking you for your cooperation, I am

Very truly yours,

Mildred P. Holbrook
