Dr. J. Lederberg,
Department of Genetics,
University of Wisconsin,
Madison, Wisconsin,
U. S. A.

Dear Dr. Lederberg,

I will be making a very rushed trip across U.S.A. from the West in late May and early June, on my way to the Cold Spring Harbour Symposium on Viruses on June 5th - 11th. I am anxious to meet you and will deflect my trip to spend a day or so in Wisconsin if you are likely to be in, and free, between Monday - June 1st and Wednesday - June 3rd. If you are attending the Cold Spring Harbour Symposium I expect I shall see you there.

I would be glad to hear what arrangements might be convenient for you.

Yours sincerely,

(Frank Fenner),
Professor of Microbiology.
