Department of Genetics  
University of Wisconsin  
Madison, Wisconsin

Dear Joshua:

I am arranging a Bacteriophage Conference on April 7, 8, and 9 here in Bloomington. Delbruck is coming and a number of other people. Since you are now involved in phage work, I wonder if you would care to attend. Unfortunately, we do not have any funds to pay travel expenses, but I hope you will find a way of financing your trip.

Could you please return to me the manuscript of the article by Ephrussi?

Best regards,

S. E. Luria
