ACTING PRESIDENT

DEPARTMENT OF PATHOLOGY AND BACTERIOLOGY

April 18, 1952

Dr. Joshua Lederberg  
Department of Genetics  
University of Wisconsin  
College of Agriculture  
Madison 6, Wisconsin

Dear Doctor Lederberg,

It has just come to my attention that Frierer and Leifson reported the finding of a non-motile flagellated strain of *Salmonella typhimurium* in the *Journal of Pathology and Bacteriology*, 1952, 64, 223. It might be possible to obtain their strain.

Sincerely,

*D. W. Bruner*
