University of Wisconsin  
Madison 6, Wisconsin  
U.S.A.

Dear Esther and Josh:

Having just returned to Sweden I should like to express my deep gratitude for all your kindness during my visit in the United States. Meeting you and discussing with you was undoubtedly the most inspiring and pleasant part of my visit in America. This is meant most sincerely. Thanks for the wonderful days in Madison and for the drive to Cold Spring Harbor.

I shall certainly keep in touch with you and let you know any developments which may come along the lines you have suggested. I hope that before long I shall be able to meet both of you again.

With kindest regards,

Sincerely yours,

*George Klein*
