Dear Doctor Lederberg:

Your paper has been accepted and is being scheduled for the October issue of the Journal.

The publishers are being instructed to send the proof to Berkeley, and I trust that there will be no slip in their machinery. However, during the summer months, when so many other people are on vacation as well as university professors, slips do occur. You should therefore advise someone in your department at Madison to be on the lookout in case the proof should be sent there.

With best wishes for a pleasant stay in California,

Sincerely yours,
