Dear Dr. Lederberg:

In accordance with your request of the 22nd of April, we are forwarding the following acridine compounds:

- 1 gram - Nitroacridine 3582
I. G. Farben Hoechst
M.C. #247
- 0.5 gram - 2-nitro-5-aminoacridine
Abbott Laboratories

If there are any questions about preparation of solutions and their sterilization, you will no doubt get in touch with Dr. Rasmussen who is thoroughly familiar with the entire subject.

Sincerely yours,

JOSEPH E. SMADEL, M. D.,
Scientific Director
Department of Virus and
Rickettsial Diseases
