Dear Dr. Lederberg:

The Bio-Med Journal of Stuyvesant High School hopes to include in its next issue a story about several alumni who have become prominent in various phases of science. We hope to include your name among these.

I would appreciate it very much if you could drop me a note outlining very briefly your career from the time that you left Stuyvesant. I am especially interested in the various problems that you have worked on.

Thanking you in advance for your cooperation, I am

Respectfully yours,
