Dr. Joshua Lederberg  
Department of Genetics  
Stanford University School of Medicine  
Palo Alto, California  

Dear Dr. Lederberg:  

Dr. E. O. Dodson is revising his textbook of genetics, to be published by Reinhold. I have offered to help him with the new edition.  

One of the additions we wish to make will be the inclusion of portraits of a few well-known geneticists. We would like to include a photograph of you, preferably previously unpublished.  

If you can send one to me, I will be careful to return it as soon as the publisher has made the reproduction. A picture taken in the milieu of the lab would probably be best, if available.  

Sincerely yours,  

Vernon Bryson  
Acting Director
