Dear Josh:

Many thanks for the copy of your manuscript. I am enclosing a copy of what I was scheduled to have given in Nice.

I was sorry indeed to have missed it, and I am wondering what contact, if any, you were able to make. As of this writing, I have no copy of Schmitt's paper for the Nice meeting.

I suppose my paper is really a more detailed and specific exploration of the bottom paragraphs on Page 5 and the early on on Page 6 of your manuscript.

Greetings and very truly yours,

Melvin Calvin
