

SOCIETY OF AMERICAN BACTERIOLOGISTS

OFFICE OF THE PRESIDENT

HARRY EAGLE
NATIONAL INSTITUTES OF HEALTH
BETHESDA 14, MARYLAND

June 13, 1958

Dr. J. Lederberg
Dept. Genetics
University of Wisconsin
Madison, Wisconsin

Dear Josh:

At the April meeting of the Society of American Bacteriologists, the Council Policy Committee instructed me to reactivate a Committee on Monographs, the function of which would be to bring to the attention of the Board of Publications areas in microbiology in which an authoritative monograph was needed, with recommendations also as to the person or persons best qualified to prepare it. These monographs would be published under the aegis of the Society in a series of "SAB Monographs."

I very much hope you will agree to serve on this important committee for a 3-year term. Dr. S. E. Luria has agreed to serve as chairman. As soon as I have your hoped-for acceptance, I will inform Dr. Luria, from whom you will be hearing in due course.

Very sincerely yours,

Harry Eagle, M.D.
President

HE:ac

OK, but I won't have much time for extensive editorial work. It's a splendid idea (to reactivate).

J.
