

Dear Luca:

We are very happy to hear that your visa is now cleared. Too bad my visit to Philadelphia was not a week later as I would have been very happy indeed to meet your arrival in NY. Your travel schedule should be very satisfactory.

Will you be staying at the Abbey Hotel?

If you care to write to Norton Zinder at Rockefeller Institute to tell him your precise flight schedule I am sure he would want the opportunity to meet your arrival. As he lives fairly close to International Airport it is also no great inconvenience for him. Tilly we see you—

You can have the choice, which you can defer until your arrival of staying with us at least until after your return from Gatlinburg or of using the dormitory during the meeting.
