Dear Dr. Luhn:

Professor Joshua Lederberg is interested in obtaining information on programs for computer translation of key words into thesaurus language. Do you have such information available for distribution? We would be grateful for your help in this matter, and would also appreciate your sending a carbon copy of your reply to Dr. L.L. Cavalli-Sforza, Istituto de Genetics, Via Sant' Epifanio, 14, Pavia, Italy.

Thank you very much.

Yours sincerely,

(Mrs.) Janice Cass
Secretary to J. Lederberg
