Dr. Joshua Lederberg  
Department of Genetics  
Stanford University  
Medical Center  
Palo Alto, California

Dear Joshua:

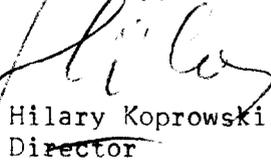

Many, many thanks for the wonderful reception at Stanford. Perhaps that's why I always look forward to seeing the Lederbergs: they always treat me so royally!

The address you requested is as follows:

Capt. Alfred M. Prince  
U. S. Army Medical Command  
Department of Virus & Rickettsial Diseases  
APO 343  
San Francisco, California

I hope that you have by now received my telegram asking that you contact me at my home on Saturday (Midway 9-1327), so that I can pick you up when you arrive in Philadelphia. I'm looking forward to showing you the current brand of East Coast hospitality.

Sincerely,

Hilary Koprowski, M.D.  
Director
