Hi Larry—

Do you think you could stop off here en route to or from your NY trip? We can guarantee your extra expenses (i.e. airfare Chicago-Msn) & hope, of course, you'll stay with us. If it's the same to you, why not on the way back & you can tell us about the meeting.

R&K are complaining feebly they hadn't heard from you: they're planning to submit that note to Science.

Yours,

P.S. Say hello to Roger please— we're looking forward to seeing him at his visit here next month (& at the luncheon); I hope he'll have some time for us among many others & of course is welcome at the homestead.
