December 11, 1961

Dr. Joshua Lederberg
Department of Genetics
Stanford Univ. Med. School
Palo Alto, California

Dear Dr. Lederberg:

Enclosed are two manuscripts of ours which you might be interested in. Both are in press; one in Biochem. Biophys. Res. Comm., and the other in PNAS. I hope to have another manuscript soon which I will send to you. It will contain some characteristics of the genetic code derivable from these and additional data.

Sincerely yours,

Marshall W. Nirenberg

MWN:1h

Encl.

Thank you very much! I’m very grateful.
