

MEMO FROM
J. LEDERBERG
GENETICS DEPARTMENT
STANFORD UNIVERSITY
STANFORD, CALIFORNIA

TO:

John Puffer

~~TX~~

~~RC~~

RO

No hope just now. I'm about to leave
for Europe myself now — first stop
the Zoological Station at Naples, in fact.
Will return in mid June. No
stopovers last contemplated. Sorry.
Why don't you come out here?

J.L.

P.S. Did you know Bernard Vogel had
a project on biochemical genetics
coming along?
